

# The Fund for Sandwich

## of the Cape Cod Foundation

\$2,500 was distributed to 5 organizations in 2018 through The Fund for Sandwich grantmaking program

### **Friends of the Sandwich Town Archives, \$500**

To support student volunteers to do data entry and digitization of collections. Collections include: Historic Photographs and Maps; Obituaries; Historical Asset files (featuring Historic Properties).

### **Sandwich Arts Alliance, \$500**

To support the program "Re-inventing Women's Lives Through the Arts". The goal of the program is to empower women, particularly those who are underserved, those returning to their art or totally new to art, to re-examine their lives with a goal of re-invention as artists.

### **Sandwich Council on Aging, \$500**

To support a Temporary Homemaking and Respite program which provides homemaking, home health assistance or respite service to senior citizens who no longer receive Medicare paid services and do not qualify for the Elder Services of Cape Cod program. This is a program designed to be temporary and bridge a period when a client may still be frail but can improve. The goal is to prevent re-hospitalization.

### **Sandwich Elementary PTA, \$500**

To support the Art History program by funding the replacement of materials that are outdated and/or in disrepair. The program, with the aid of many volunteer presenters, brings physical artwork, once a month, into the classroom of almost every student in grades K-6 in the Sandwich Public Schools system. For many of these children, it is the closest experience to visiting an art museum that they have.

### **Special Olympics of Massachusetts, \$500**

To support the Cape Cod Waves Special Olympics Team by funding new uniforms for the team – "When a team looks good, they feel and play much better!"
